# COMPANY PROFILE

---

## SAFESMART ACCESS

Providing smart and portable height access solutions is in our DNA.

Since 1997, we have developed a large suite of market-leading off the shelf and customized work platforms for mining, oil and gas, utilities, resources, construction, distribution, road transport and rail transport maintenance - any industry or activity that requires safety when working at height.

Today, Safesmart Access brings the same ingenuity and professionalism to oil and gas operators around the world, to ensure a safe, compliant and efficient work environment.

---

## GLOBAL PRESENCE

Our branches - in Sydney, Melbourne, Brisbane, Los Angeles, New York, Cleveland Ohio, Auckland, London, Regina, Saskatchewan, Toronto Ontario, and Vancouver British Columbia - integrate to provide industry knowledge-based advice, resulting in smart and innovative height access solutions, to all corners of the world.

Our products are adaptable to any application where work and maintenance is carried out, within all heavy industries.

---

## THE SAFESMART ADVANTAGE

SafeSmart Access' processes are bolstered by a full suite of in-house talent, from engineers to designers to expert installers who understand the needs of maintenance environments.

Benefitting you, is our willingness to come to your site to provide an obligation-free site safety audit, suggest solutions to height access challenges, and to draft a unique and effective product that perfectly suits the shape and dimensions of your needs while providing optimum fall and tripping prevention safety.

---

## SUSTAINABILITY

As a manufacturer and designer, Safesmart Access is constantly looking at how we impact the environment and what better efficiencies we can achieve from using recycled materials in day to day running of branches and facilities.

Issue such as water conservation, energy and carbon are being continually reviewed to ensure we are contributing to a greener planet.

Safesmart Access looks to lead the industry in environmental management, exceeding compliance with a forward-thinking approach.

---

## PRE-ENGINEERED HEIGHT ACCESS FOR OIL AND GAS

- Pre-engineered, in stock, shorter leadtime products
- Secure pricing from budget period onward
- Leading edge modular, multi-use products
- 3D model straight into your drawing
- Reduced expense on design time
- Design and modelling already completed
- Quality control done in factory, not onsite
- Product less expensive
- No expensive on-site welding
- No coating costs
- Engineered, stamped drawings included in the product price
- Easy post-installation moves
- Replaceable parts
- No need for picker trucks to move items

## MAINTENANCE PLATFORM

### SUPER MAINTENANCE

Code	Platform Height	Platform Size	Type	Price
210183	565mm	800 x 800mm	2 Step	<b>\$3005.10</b>
210184	850mm	800 x 800mm	3 Step	<b>\$3322.20</b>
210185	1130mm	800 x 800mm	4 Step	<b>\$3561.60</b>
210186	1400mm	800 x 800mm	5 Step	<b>\$3812.55</b>
210187	1700mm	800 x 800mm	6 Step	<b>\$4133.85</b>
210188	1970mm	1000 x 1000mm	7 Step	<b>\$4688.25</b>
210189	2250mm	1000 x 1000mm	8 Step	<b>\$5053.65</b>
210190	2540mm	1000 x 1000mm	9 Step	<b>\$5697.30</b>
210191	2828mm	1000 x 1000mm	10 Step	<b>\$6166.65</b>
210192	3100mm	1000 x 1000mm	11 Step	<b>\$6520.50</b>

### FEATURES & BENEFITS

- Engineers approval, swl rating & serial number certification plate
- Built tough with 82 x 50mm marine grade aluminum RHS
- Perforated & swaged deck for superior traction in wet & greasy snowy conditions

### CANTILEVER

Code	Platform Height	Platform Size	Steps	Price
210240	565mm	800 x 1800mm	2 Step	<b>\$6849.15</b>
210241	850mm	800 x 1800mm	3 Step	<b>\$7005.60</b>
210242	1150mm	800 x 1800mm	4 Step	<b>\$7773.15</b>
210243	1400mm	800 x 1800mm	5 Step	<b>\$7902.30</b>
210244	1700mm	800 x 1800mm	6 Step	<b>\$7995.75</b>
210245	1970mm	1000 x 2000mm	7 Step	<b>\$8528.10</b>
210246	2250mm	1000 x 2000mm	8 Step	<b>\$8686.65</b>
210247	2540mm	1000 x 2000mm	9 Step	<b>\$8962.80</b>
210248	2828mm	1000 x 2000mm	10 Step	<b>\$10983.00</b>
210249	3100mm	1000 x 2000mm	11 Step	<b>\$10994.00</b>
210238	200mm Swivel plate castor, fully locking (spare part)			

### FEATURES & BENEFITS

- Allows you to get right into and up against your work area without reaching out from the platform
- Built tough, non-slip perforated
- Deck and aluminum frame

45 DEGREE STAIR VERSION

# FIXED PLATFORMS

## HEAVY DUTY STEPOVERS

### FEATURES & BENEFITS

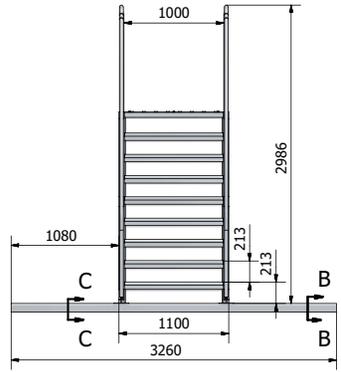

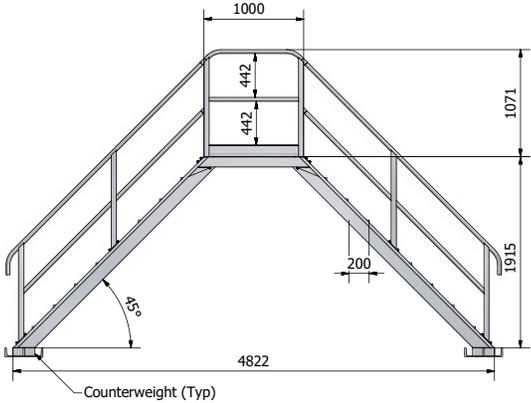

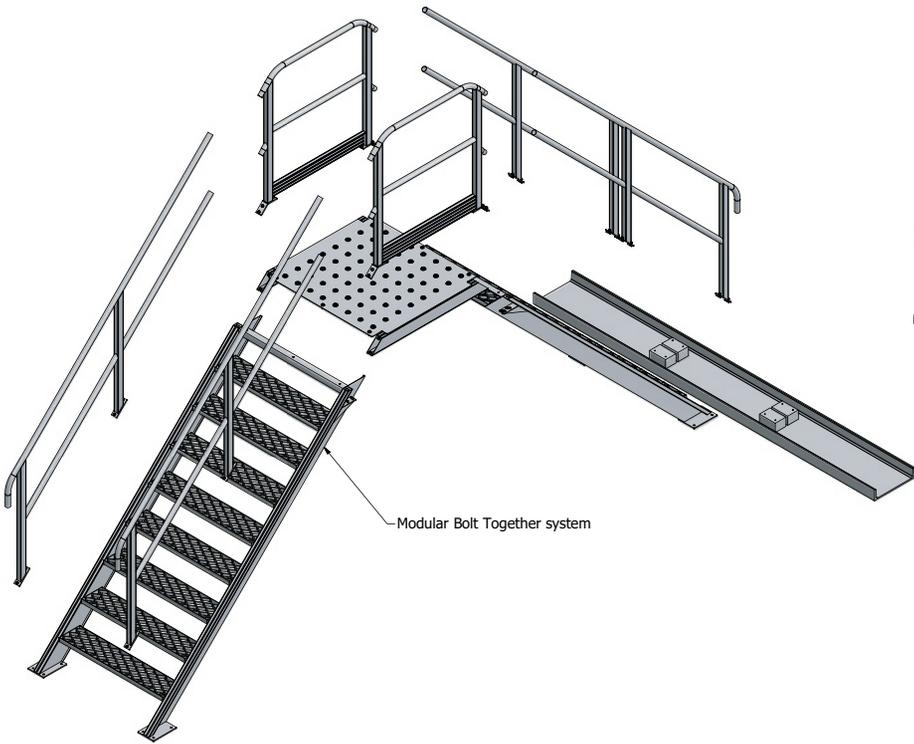

- Non-corrosive aluminum – suitable for caustic environments
- Bridge safely over plant and machinery
- Safe access / egress over piperacks and berms
- Any custom size and length available
- Ships as a package and bolts together on site
- Indoor/outdoor options

Code	Steps	Description	Price
220220	2 Step	0.9mW x 0.4mH 45° stair & handrail set	\$4896.00
220221	3 Step	0.9mW x 0.6mH 45° stair & handrail set	\$5656.00
220222	4 Step	0.9mW x 0.8mH 45° stair & handrail set	\$6296.00
220223	5 Step	0.9mW x 1.1mH 45° stair & handrail set	\$6836.00
220224	6 Step	0.9mW x 1.3mH 45° stair & handrail set	\$7496.00
220225	7 Step	0.9mW x 1.5mH 45° stair & handrail set	\$8296.00
220226	8 Step	0.9mW x 1.7mH 45° stair & handrail set	\$8436.00
220227	9 Step	0.9mW x 1.9mH 45° stair & handrail set	\$8976.00
220228	10 Step	0.9mW x 2.2mH 45° stair & handrail set	\$9496.00

NOTE: Each Stepmover includes two stair & handrail sets and one 220201 (platform & guardrail set with toeboard 1.0mL x 0.9mW x 1.07mH). Above pricing is for the full kit.

## XL PLATFORMS

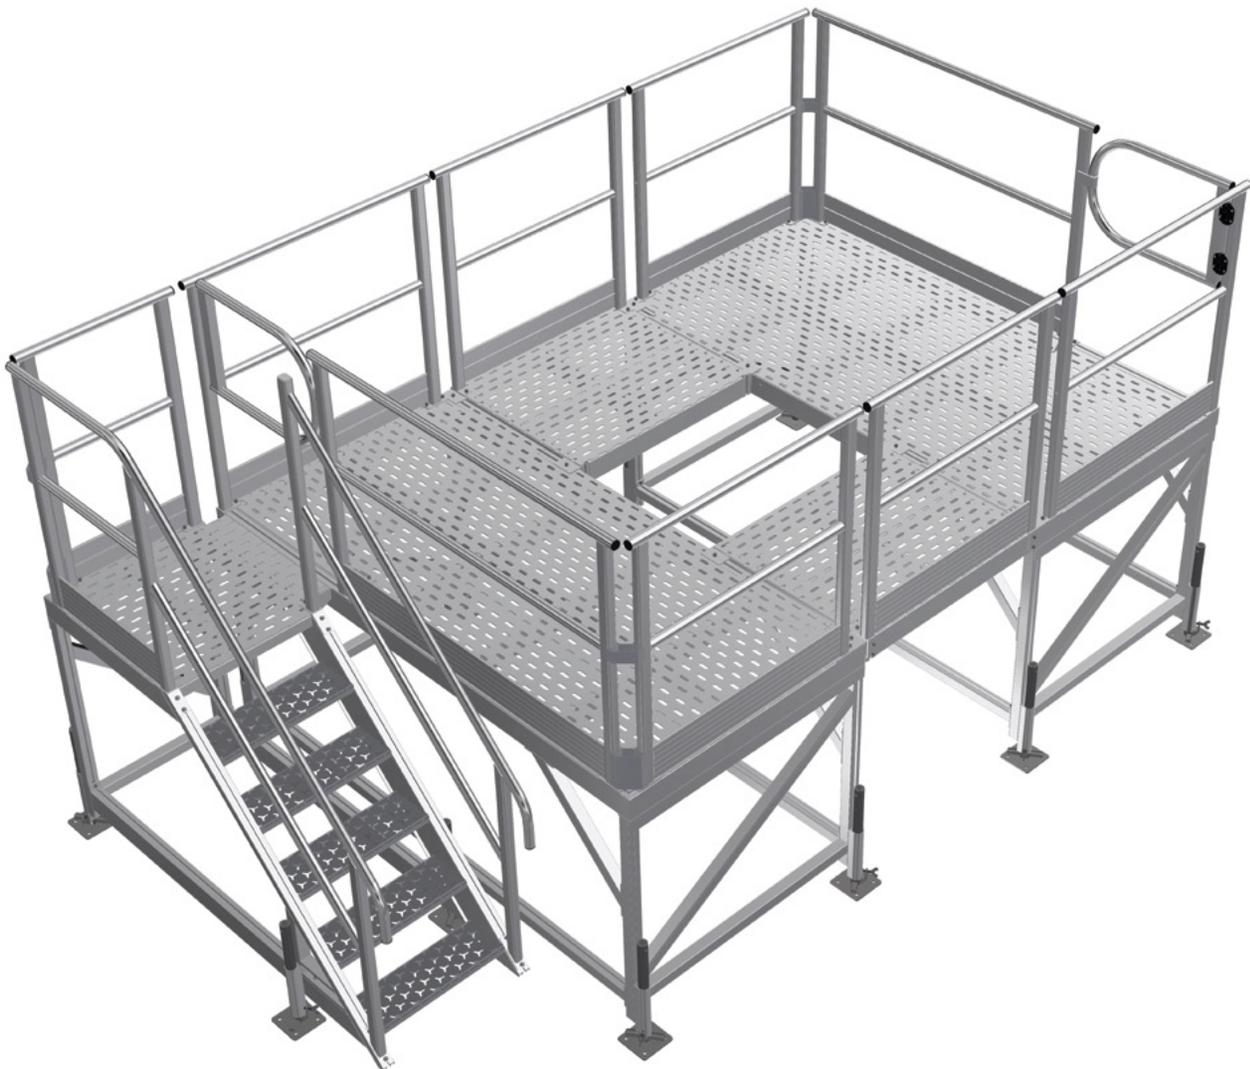

### FEATURES & BENEFITS

- Application is for larger areas - available in 280mm increments from 0.9m to 3.0m platforms height
- Higher handrail option allow for user to use step ladders etc on top of the platform
- 1.2m x 2.4m platform
- Vertical Ladder or 45 degree stairs option
- Self-Closing Gate option
- Handrails removable in sections
- Leveling feet to adjust to grade
- 2 - XL platforms can join together to form large square platform to surround valve

210825	15	2.39M - 3.33M with support truss under stringers	\$6,406.00
210826	18	2.87M - 4.0M with support truss under stringers	\$7,450.00

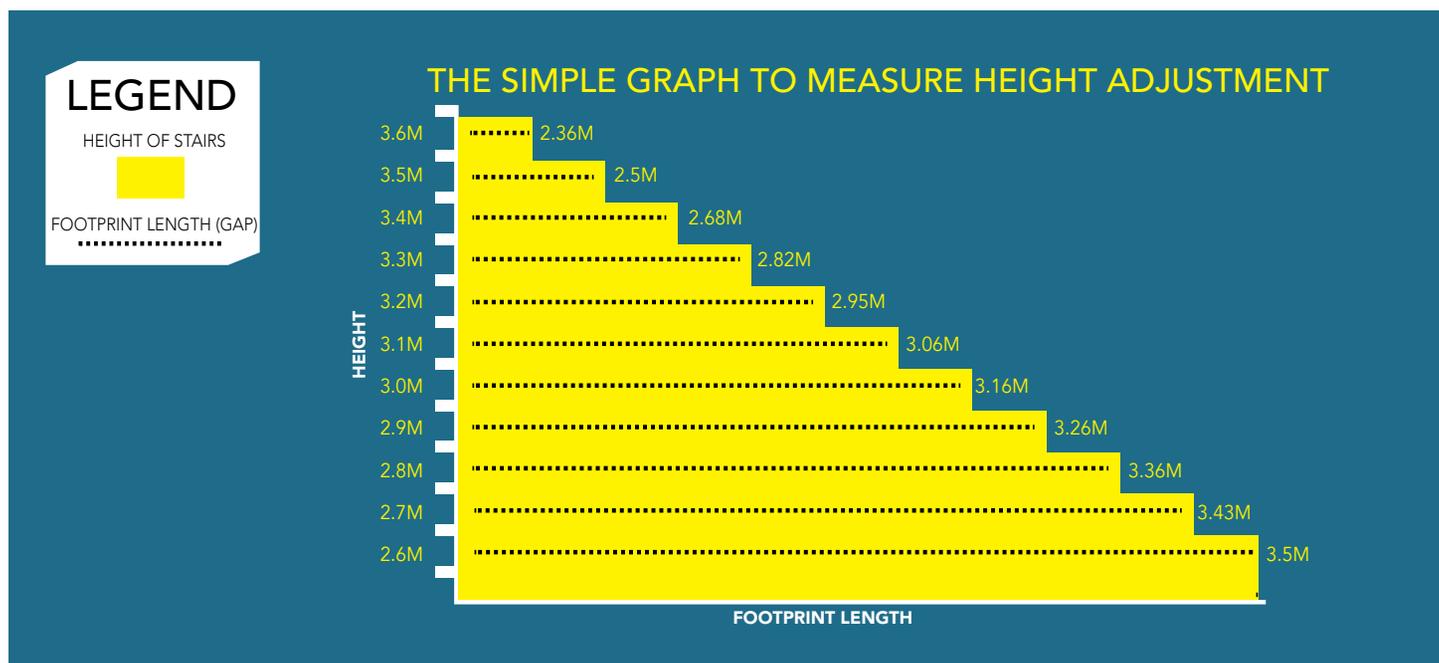

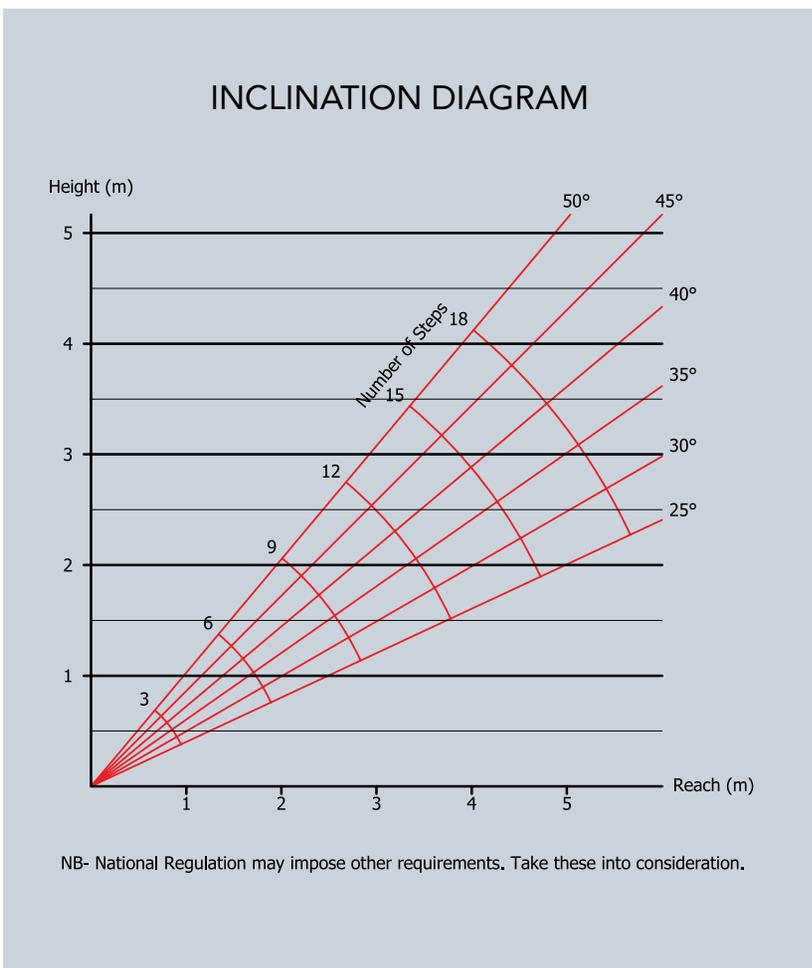

**500KG**  
Weight Rating

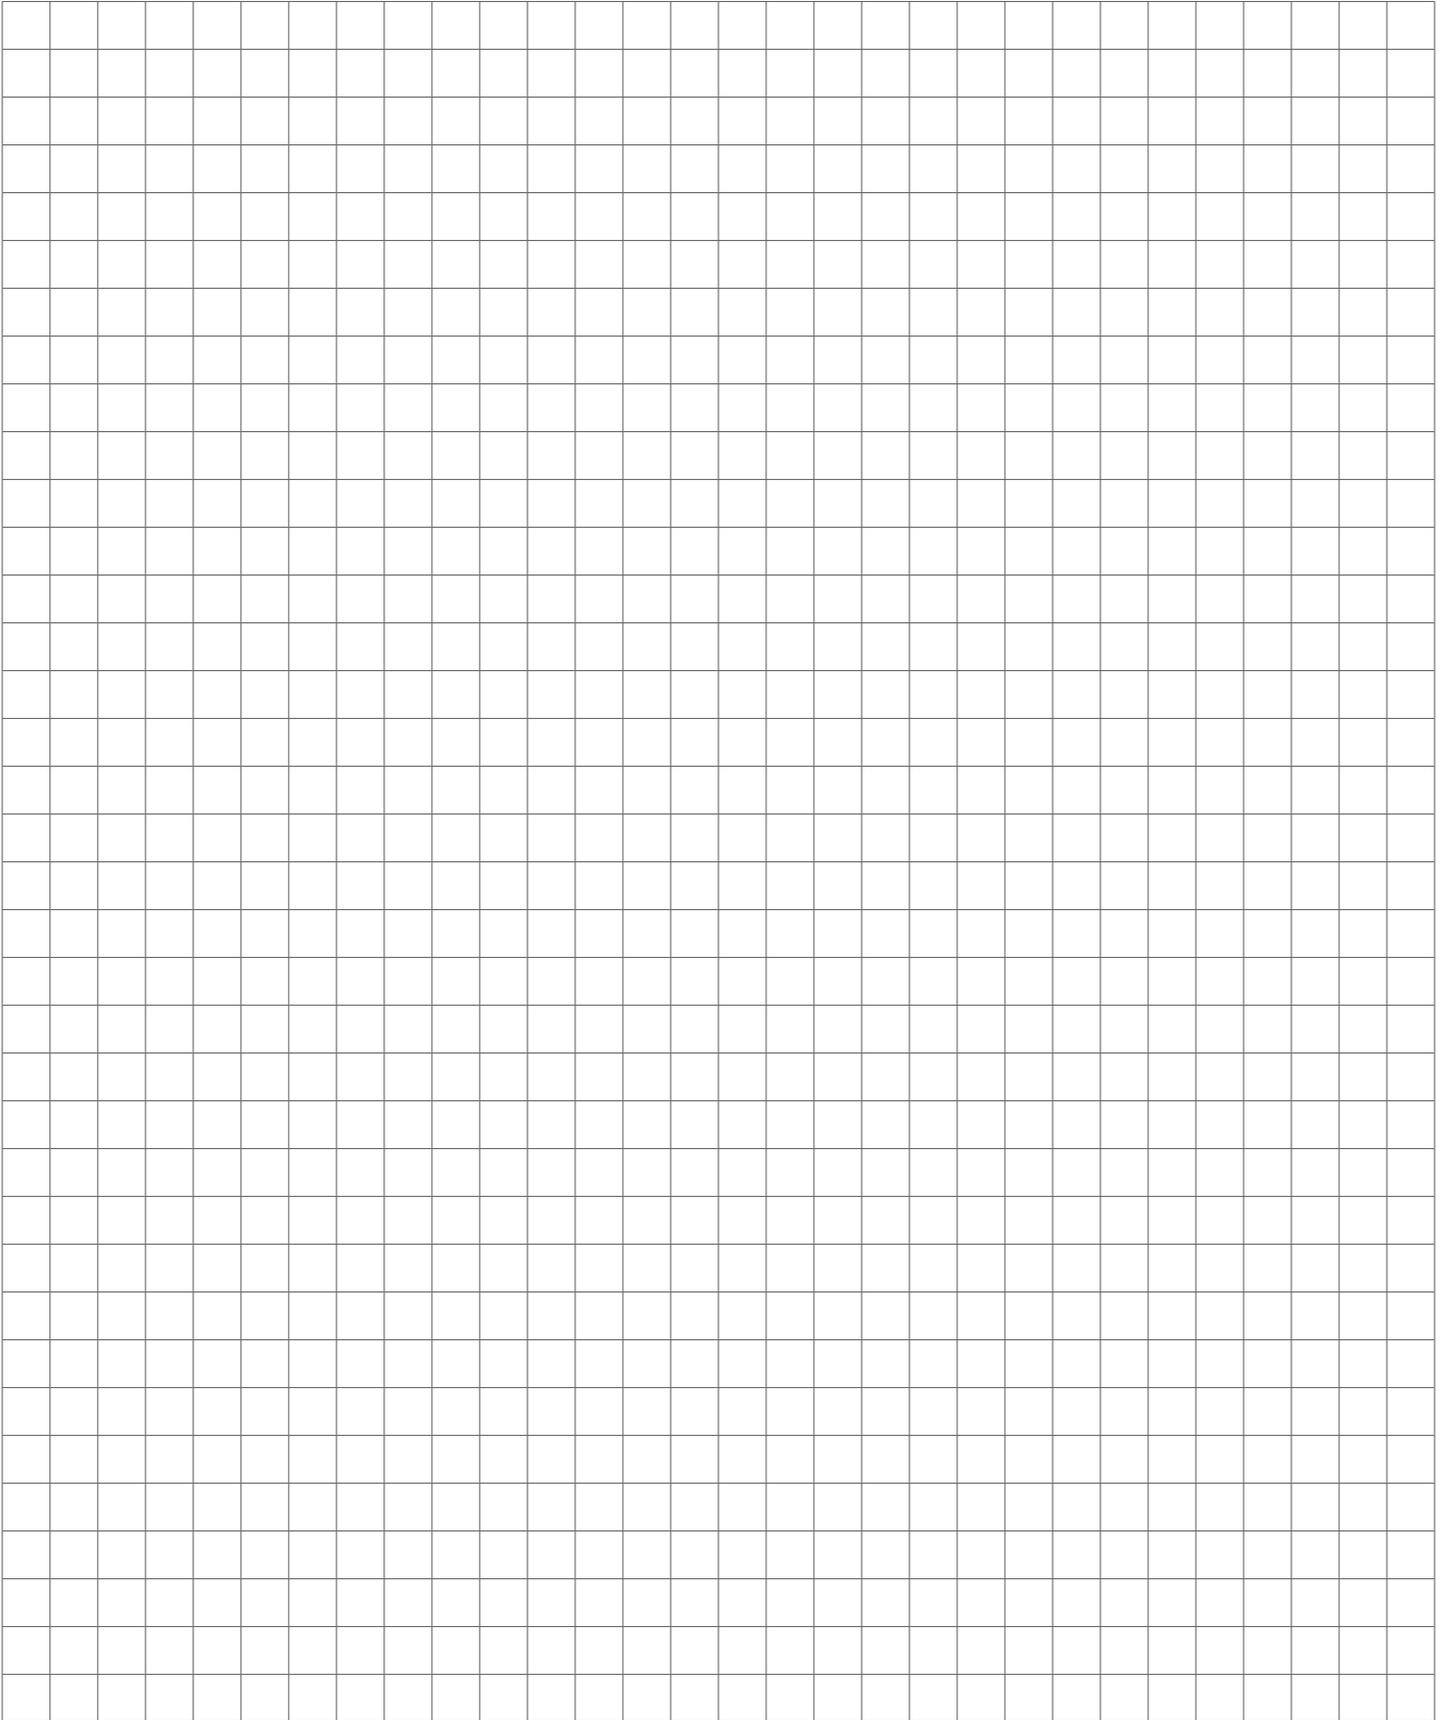

## ADJUSTASTAIRS: How do they self-level and attach?

This innovative design allows the treads to move with the stringers. They will self-level to provide a firm, flat surface at the desired height and pitch angle, once level, they are fixed to the support surface as shown below.
